UNICEF, the United Nations Children’s Fund, has saved more children’s lives than any other humanitarian organization — including 50 million children under the age of five over the past two decades alone.

Most people don’t know this, but UNICEF relies completely on voluntary donations to fund its work. And that work is of the highest importance — ensuring that children everywhere are healthy, protected and empowered.

We need your help this season to give children the greatest gift the world can offer — a childhood. We think you’ll find that shopping at UNICEF Market is an easy and rewarding way to do your part.

A portion of every UNICEF Market purchase helps fund vital supplies like nutrition, health care, immunizations, safe water, education, emergency relief and more. Plus, every UNICEF Market product is sourced directly from talented artisans in Asia, Latin America and Africa to make sure they receive a fair price for their work, so their families can be cared for, too.

Shopping at UNICEF Market is a meaningful way to find great gifts and do good at the same time. Happy exploring and thank you for helping to make this a joyous holiday season for every child!

Help UNICEF put children first.

UNICEF works to save and protect the world’s most vulnerable children. Every day, UNICEF provides water, nutrition, health care and education to children living in poverty or caught up in conflict or disaster. We help immunize nearly 40 percent of the world’s children and use proven, low-cost interventions to save children’s lives. 90% of every dollar spent goes directly to help UNICEF put children first.
